

Parent/guardian consent form

The guardians should consider the following when signing the consent form.

- Hoas does not provide dorm type housing, where we could monitor the tenants. We cannot make special arrangements for a minor to be supervised.
- In order to live independently, the minor must be able to take care of himself/herself. It is the responsibility of the parents/guardians and the young person involved to stay in control.
- In the case of a joint responsibility agreement (family apartments), the parents/guardians are liable for the tenancy related responsibilities of the entire apartment just the same as the tenant.
- The information and handwritten signature of both official guardians are required for the guardian's consent. A single parent only fills in their own information.
- The parent/guardian will be subjected to a credit check.
